FINANCING THE GROWTH ENGINE

MAIN STREET IMPACT STORIES

Quality Support, Inc.

In 1989, after 21 years in the Marine Corps, I started Quality Support, Inc., with only $600, a small loan from my Dad...and a dream. Our big break came when we were offered a very high level contract. **It was our credit card company that gave us a much needed line of credit that allowed us to make it all work.** The contract put my company on the map and on a path to sustainable growth. **I cannot thank our credit provider enough for what they did to support our small business** in those early days.

Wayne Gatewood, Jr.
Founder and CEO
Quality Support, Inc.

Headquartered in Landover, MD, Quality Support, Inc. was the first small business to be verified as a Service-Disabled Veteran-Owned Small Business by the Department of Veterans Affairs, Center for Veterans Enterprise.

It's time to get financial regulation right.
