MORNING CONSULT

National Tracking Poll

Topline Report   **June 20-22, 2019**

Question	Response	Frequency	Percentage
CC1	*How important is the privacy and security of your personal health information?*		
	Very Important	1713	78%
	Somewhat Important	353	16%
	Not Too Important	69	3%
	Not Important at All	11	0%
	Don't Know / No Opinion	54	2%
CC2	*As you may know, Congress recently introduced legislation that would create a new national claims database, under contract with the federal government, that would house most Americans' personal health information to evaluate trends in health care costs and encourage greater competition.Based on what you know, do you support or oppose the creation of a national claims database that would house most Americans' personal health information.*		
	Strongly Support	223	10%
	Somewhat Support	443	20%
	Somewhat Oppose	418	19%
	Strongly Oppose	507	23%
	Don't Know / No Opinion	609	28%
CC3_1	*You will now see several statements from supporters and opponents of this new national claims database which would house most Americans' personal health information.Please indicate if you agree or disagree with each of the following. Putting millions of Americans' personal health information into a large national database would put privacy at-risk. In a single breach, hackers or foreign governments, could have damaging or highly-personal information on nearly all Americans' health care treatments and services.*		
	Strongly Agree	1096	50%
	Somewhat Agree	523	24%
	Somewhat Disagree	142	6%
	Strongly Disagree	80	4%
	Don't Know / No Opinion	359	16%

Question	Response	Frequency	Percentage
CC3_2	*You will now see several statements from supporters and opponents of this new national claims database which would house most Americans' personal health information.Please indicate if you agree or disagree with each of the following. Before we create a national claims database that will house most Americans' personal health care information, we need to study how best to safeguard the data before putting Americans' private information at-risk.*		
	Strongly Agree	1262	57%
	Somewhat Agree	432	20%
	Somewhat Disagree	86	4%
	Strongly Disagree	57	3%
	Don't Know / No Opinion	363	17%
CC3_3	*You will now see several statements from supporters and opponents of this new national claims database which would house most Americans' personal health information.Please indicate if you agree or disagree with each of the following. Rather than centralizing Americans' personal health information in a single database, we should use existing technology and standards to obtain cost information directly from health plans to evaluate trends in health care costs as this would better protect personal health information from hackers or data breaches.*		
	Strongly Agree	745	34%
	Somewhat Agree	689	31%
	Somewhat Disagree	187	8%
	Strongly Disagree	82	4%
	Don't Know / No Opinion	498	23%
CC3_4	*You will now see several statements from supporters and opponents of this new national claims database which would house most Americans' personal health information.Please indicate if you agree or disagree with each of the following. The national claims database is an important step to make health care more efficient by eliminating bureaucracy, lowering costs, and centralizing records across states.*		
	Strongly Agree	353	16%
	Somewhat Agree	606	28%
	Somewhat Disagree	395	18%
	Strongly Disagree	311	14%
	Don't Know / No Opinion	535	24%

Note: Group proportions may total to larger than one-hundred percent due to rounding. All statistics are calculated for registered voters with demographic post-stratification weights applied.
