

September 2, 2020

The Honorable Nancy Pelosi  
Speaker  
U.S. House of Representatives  
Washington, D.C. 20515

The Honorable Kevin McCarthy  
Minority Leader  
U.S. House of Representatives  
Washington, D.C. 20515

The Honorable Mitch McConnell  
Majority Leader  
U.S. Senate  
Washington, D.C. 20510

The Honorable Chuck Schumer  
Minority Leader  
U.S. Senate  
Washington, D.C. 20510

The undersigned employers urge Congressional leaders to enact legislation that will stabilize the multiemployer pension system. Stabilizing the multiemployer system will protect the retirement benefits that workers and retirees have earned and encourage and incentivize employers to expand their businesses and workforce.

The Central States, Southeast, and Southwest Areas Pension Plan (“Central States”), along with approximately 120 other multiemployer pension funds, are rapidly running out of money to pay retirement benefits. Both Central States and the Pension Benefit Guaranty Corporation (PBGC) multiemployer program are projected to become insolvent in 2025 if relief is not provided soon. If these pension funds and the PBGC run out of money to pay benefits, almost 1.5 million participants and beneficiaries will have their retirement benefits reduced to virtually nothing. This would have a devastating impact on these individuals and their families, on contributing employers, and on local communities.

It is critical that Congress and the Administration work together to provide desperately needed relief to the multiemployer pension system and the PBGC as soon as possible. As part of that relief, Congress should include common sense reforms to the multiemployer pension rules to ensure that plans are sufficiently funded to satisfy future obligations. These reforms will help protect the multiemployer system from a future crisis.

We thank you in advance for your attention to this letter and your efforts to safeguard the pensions of millions of hardworking Americans.

Sincerely,

A & B Freight Line, Inc.
