93 work zone fatalities occurred in Alabama between 2020–2024.

545 structurally deficient bridges pose safety risks if not addressed.

Federal Funding for Infrastructure

43%

Federal funding accounts for **43% of spending** on road and bridge projects...

54%

and provides **54% of the revenue** that keeps transit systems operating and investing in new projects.

IIJA Allocation (2021–2026)

Alabama has received approximately **\$5.53 billion** in federal transportation funding under the Infrastructure Investment and Jobs Act.

What's at Stake

Without reauthorization at current or increased levels, **Alabama risks losing federal funding** needed to maintain aging bridges and highways, support the Port of Mobile and a growing auto manufacturing sector, and connect communities to economic opportunity.
