in domestic trade is shipped from the state each year

76%

of that volume moved by truck

Economic Impact

Safety

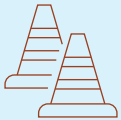

1,255

people died on Idaho highways from 2020 through 2025, an average of **243** fatalities per year.

1.2 > 1.1

Idaho traffic fatality rate of **1.2** fatalities per **100** million vehicle miles traveled is **higher than** the national average of **1.1**.

25 work zone fatalities occurred in Idaho between 2020–2024.

250 structurally deficient bridges pose safety risks if not addressed.

Federal Funding for Infrastructure

22%

Federal funding accounts for **22% of spending** on road and bridge projects...

65%

and provides **65% of the revenue** that keeps transit systems operating and investing in new projects.

IIJA Allocation (2021–2026)

Idaho has received approximately **\$2.23 billion** in federal transportation funding under the Infrastructure Investment and Jobs Act.

What's at Stake

Without reauthorization at current or increased levels, **Idaho risks losing federal funding** needed to maintain key freight routes like I-84, support agricultural and resource-based industries, and keep communities connected across long rural distances.
