

CONTRACTORS FOCUS ON GREEN BUILDING

Contractors look to energy efficient, water efficient products without harmful chemicals for their green projects. They also prioritize erosion control and recycling waste streams as top green practices.

GREEN ATTRIBUTES DRIVING PURCHASING DECISIONS:

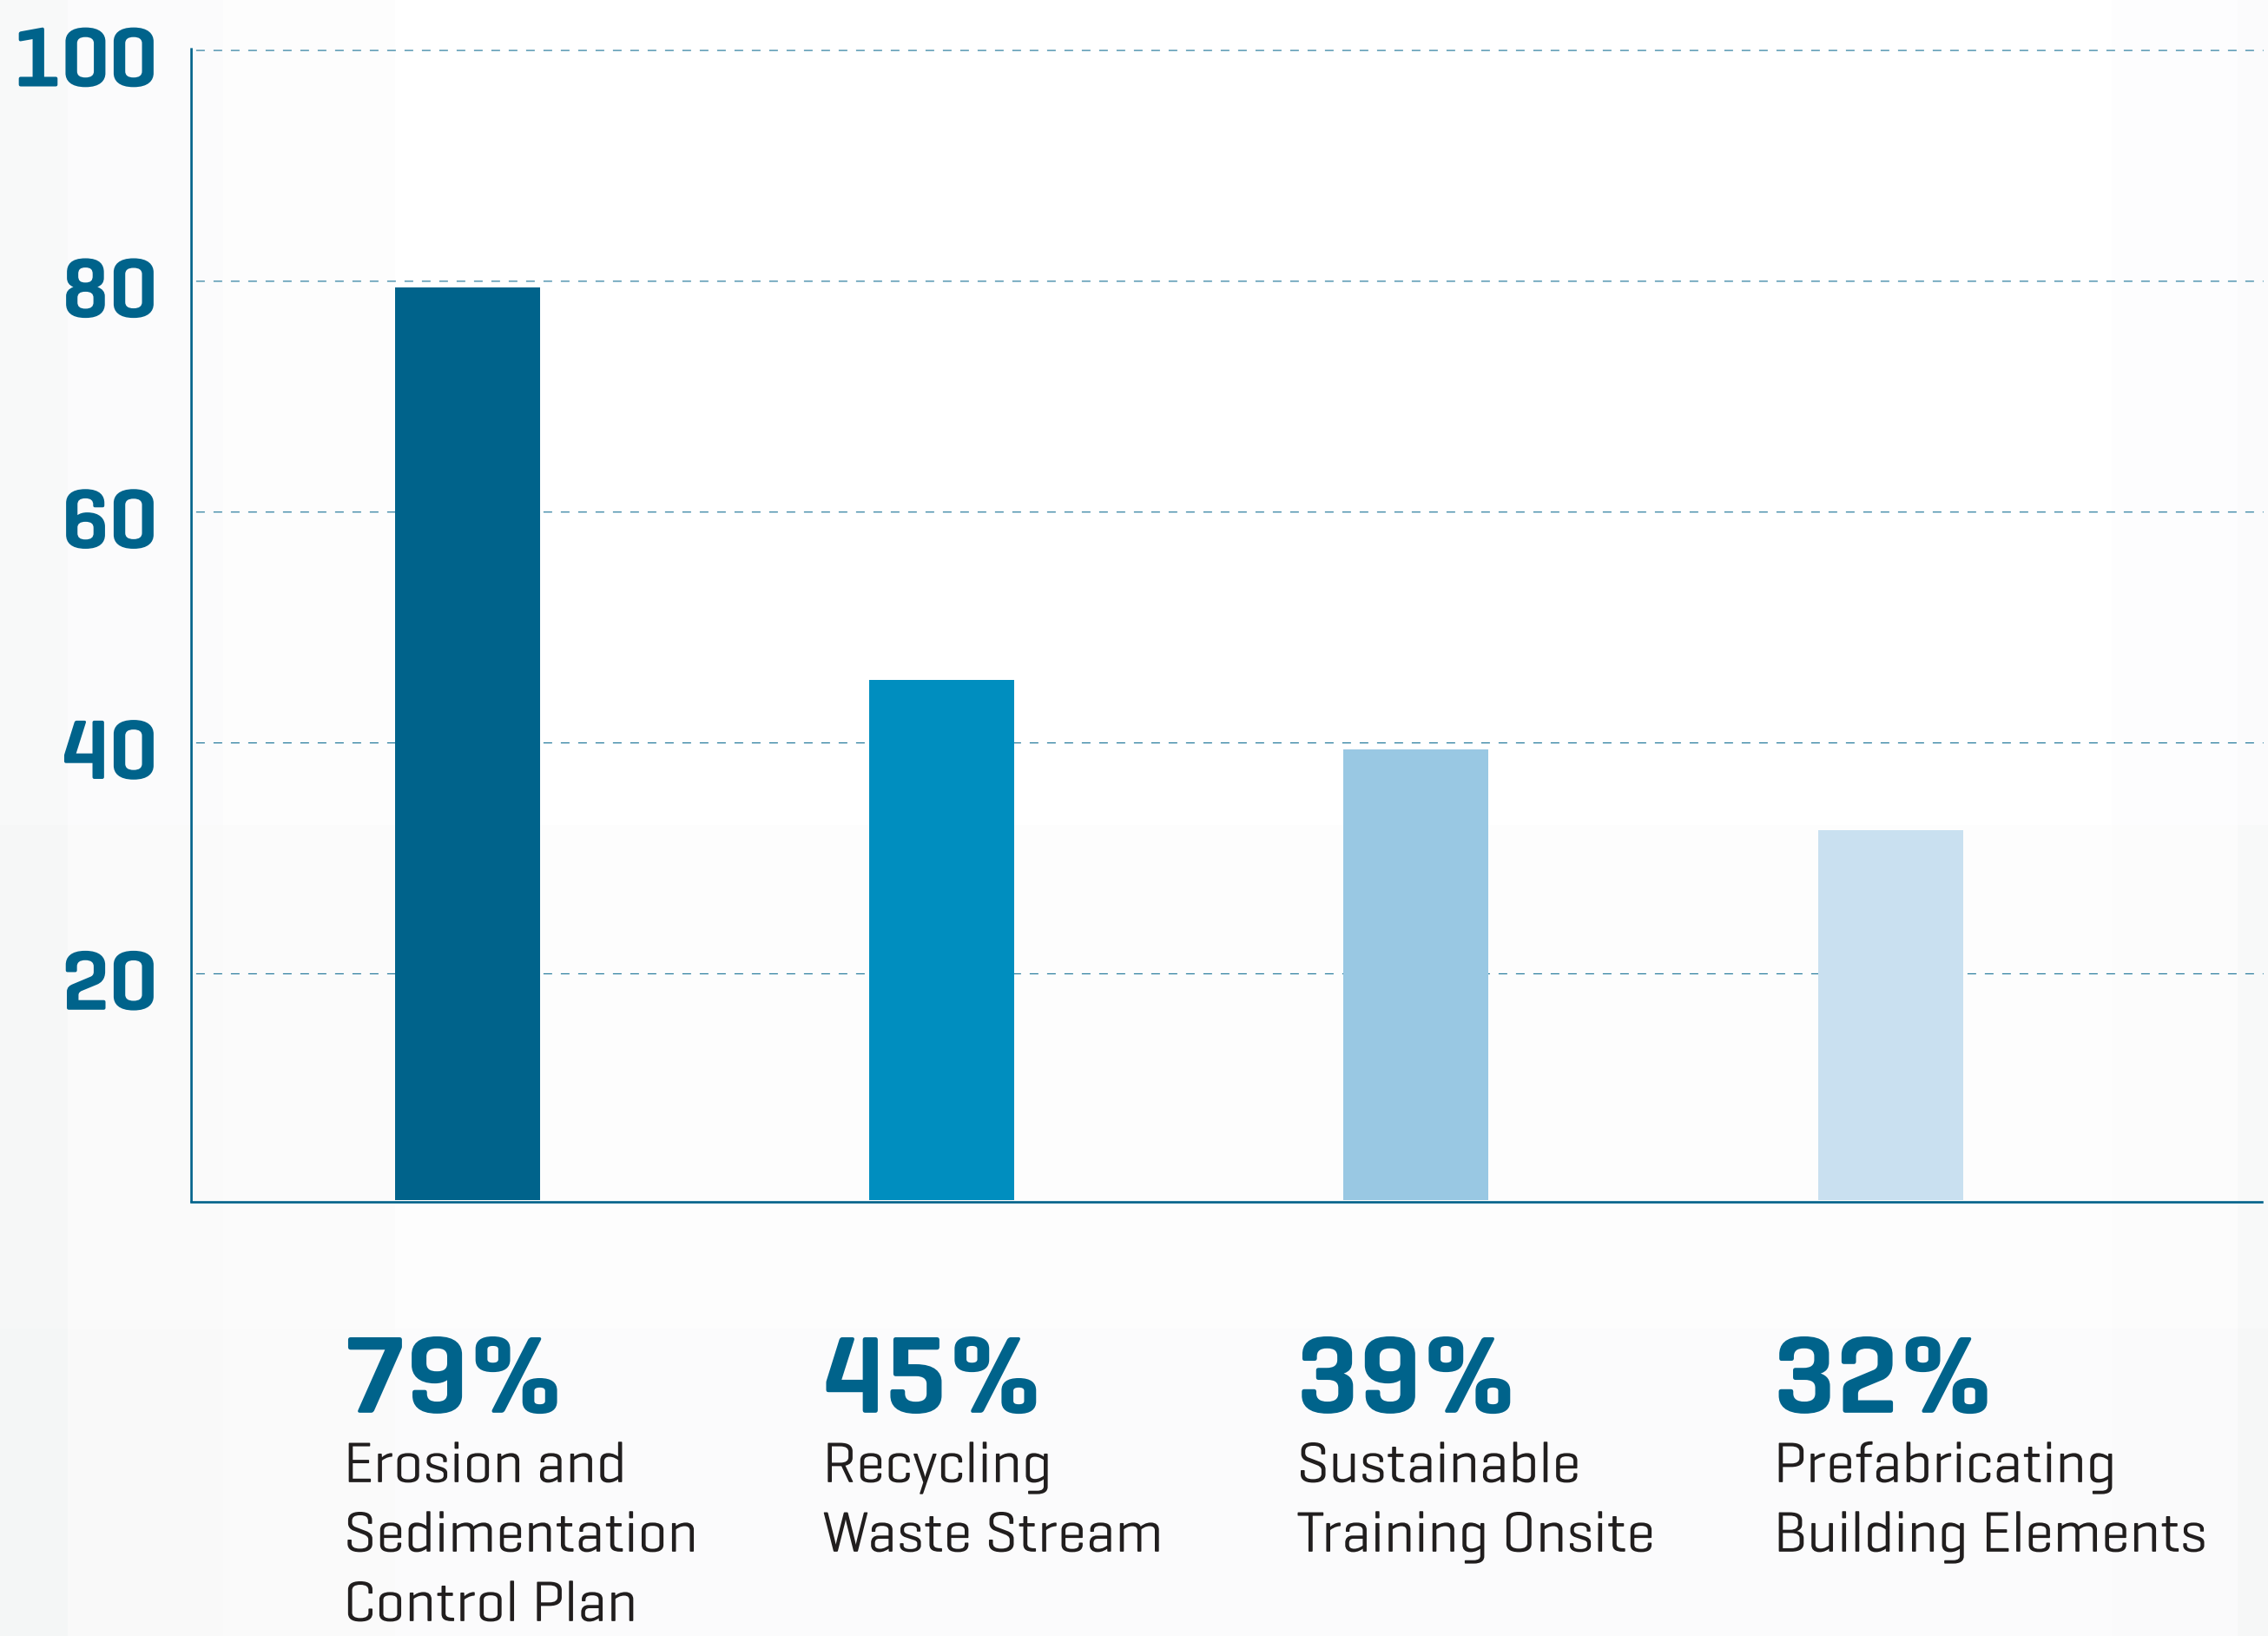

“It is important that we think about solutions to our big challenges, like building a healthy pipeline of new workers and incorporating technology to make our job sites safer and more efficient.”

—Chris Griffin, President and CEO, USG Corporation

The USG Corporation + U.S. Chamber of Commerce Commercial Construction Index (CCI) is a quarterly economic index designed to gauge the outlook for and resulting confidence in the commercial construction industry. Recognizing a need to highlight the important contributions of this sector to the nation’s economy, USG Corporation and the U.S. Chamber of Commerce partnered to produce this first-of-its-kind index. Each quarter, contractors across the country are surveyed in order to better understand their levels of confidence in the industry and top-of-mind concerns.
