

# CONGRESS:

Save American Jobs

## Pass H.R. 2 and Repeal the Health Care Law.

American businesses of all sizes are being hindered by skyrocketing health care costs, while shouldering the responsibility of driving economic recovery and job growth.

The Patient Protection and Affordable Care Act (H.R. 3590) is fatally flawed and an irresponsible bill that America's businesses and working families can't afford to pay.

**112th Congress—**

**Do what's right for our nation.**

**Support American businesses, save our jobs, and promote economic growth by going back to the drawing board.**
