The Honorable Charles Boustany, M.D.  
U.S. House of Representatives  
Washington, DC 20515

Dear Chairman Chabot, Chairman Goodlatte, Representative Harris and  
Representative Boustany:

The H-2B Workforce Coalition is extremely grateful for your efforts to preserve small and seasonal businesses who use the H-2B program. H.R. 3918, the Strengthen Employment And Seasonal Opportunities Now (SEASON) Act, addresses the uncertainties and frustration that have plagued the program for the past several years. Without this legislation, H-2B businesses will continue to struggle and many will be driven out of business.

The H-2B program is essential to employers who cannot find local temporary workers to fill jobs in seafood processing, horse training, hospitality and amusement parks, forestry, landscaping, circuses, carnivals, food concessionaires, swimming pool maintenance, stone quarries and other seasonal industries. The program provides an opportunity for these businesses to operate at a greater capacity, retain their full-time workers and contribute to their local economies. Seasonal workers help support many upstream and downstream jobs. Every H-2B worker is estimated to create and sustain 4.64 American jobs.

Unfortunately, the program's annual 66,000 cap (33,000 for each half of the fiscal year) is not adequate to meet the demands of a growing economy. The cap for the first half of the fiscal 2015 was reached on January 26. The second-half cap was reached on March 26, leaving many seasonal employers shut out of the program with no access to legal seasonal laborers. H.R. 3918 will help struggling seasonal businesses by re-instating an expired provision of the law that would exempt from the cap H-2B workers who participated in the program during one of the previous three fiscal years, obeyed the law and complied with all past visa terms. Without this relief, many companies are looking at closing their businesses, laying off American workers or turning away customers. This provision is essential to the survival of small and seasonal businesses across the country.

In addition to the problematic cap, the H-2B program is extremely costly and

complicated. Employers turn to the program because it is the only way they are able to hire legal seasonal workers. The program requires employers to undertake extensive recruitment of American workers, gain approval from four government agencies and pay a premium wage. New regulations issued April 29 by the Departments of Homeland Security and Labor have made the program even more expensive and burdensome, but employers continue to look to the program because they have no other option. H.R. 3918 streamlines the H-2B application process and provides much needed certainty for seasonal employers. At the same time, the bill preserves and enhances important protections for American and H-2B workers.

Thank you for your continued efforts on behalf of small and seasonal businesses. We support the SEASON Act. We encourage Congress to pass this important legislation so that small and seasonal businesses across the country can continue to operate, provide local jobs, serve their communities and contribute to the economy.

Sincerely,
