

# EDUCATION AND WORKFORCE

## Early Education, K-12 Education, and Child Care

- Support expansion of high-quality early education programs.
- Improve K-12 education through rigorous academics, accountability for performance, and choices for parents and families, and ensure that every student graduates from high school prepared for the next step—whether college or career.
- Expand the availability of child care options.

## Higher Education

- Support innovation in higher education while holding institutions accountable for their performance, and improve transparency to empower students, parents, and policymakers to make informed decisions.
- Improve financial aid programs and systems, including private sector innovations in higher education finance, which work to improve college access and affordability while incentivizing outcomes.

## Workforce Training

- Ensure that training and retraining programs are aligned to the needs of employers based on accurate and timely local labor market data.
- Support employer-led earn and learn opportunities, including apprenticeships.
- Incentivize more effective and efficient partnerships between education and workforce systems.

Promote high-quality,  
lifelong learning to ensure  
that all Americans have  
the opportunity to reach  
their potential.
